SEJARAH

Sekolah Misi Bagi Bangsa (SMBB) didirikan pada tahun 2009 di daerah pemukiman liar Sei Binti Tanjung Uncang, Batam, Kepulauan Riau, Indonesia, di bawah naungan Yayasan Lima Roti dan Dua Ikan (Yayasan 5r2i).

Sekolah tersebut diperuntukkan bagi anak-anak yang berasal dari keluarga kurang mampu, yang kebanyakan orang tua mereka bekerja sebagai buruh di galangan kapal.

Jarak antara sekolah di sekitar rumah liar tersebut sangat jauh, sehingga diperlukan biaya transport yang lumayan mahal.

Kehadiran Sekolah Misi Bagi Bangsa bisa membantu masyarakat di sekitar daerah pemukiman liar tersebut khususnya anak-anak, supaya mereka mendapatkan pendidikan yang berkualitas untuk menggapai masa depan yang lebih baik.

Di tahun 2009, Sekolah Misi Bagi Bangsa baru membuka Taman Kanak-Kanak (TK), Karena meningkatnya kebutuhan, pada tahun berikutnya dibuka Sekolah Dasar (SD), dilanjutkan dengan Sekolah Menengah Pertama (SMP) yang dibuka pada tahun 2016, dan Sekolah Menengah Kejuruan (SMK) Jurusan Pariwisata pada tahun 2024.

HISTORY

Sekolah Misi Bagi Bangsa (SMBB) was established in 2009 in the informal residential area of Sei Binti Tanjung Uncang, Batam, Kepulauan Riau, Indonesia, under the umbrella of the Lima Roti dan Dua Ikan Foundation (5R2I Foundation).

The school was established to facilitate children from underprivileged families, most of whom have parents working as laborers.

As the distance between their homes and the existing school was quite far, transportation became expensive.

The presence of Sekolah Misi Bagi Bangsa helps the community in the area, especially the children, by providing them with quality education to achieve a better future.

In 2009, the School of Mission for the Nation (SMBB) initially opened a kindergarten. Due to increasing demand, an elementary school was established the following year, followed by a junior high school in 2016, and a vocational high school (SMK) specializing in Tourism in 2024.

Sejak tahun 2014, Sekolah Misi Bagi Bangsa dinaungi oleh Yayasan Batavia Prosperindo Peduli (Yayasan BP Peduli), sebuah yayasan sosial yang memiliki kepedulian terhadap pendidikan anak-anak.

Tahun 2016, Yayasan BP Peduli bersama para donatur membangun gedung sekolah baru untuk Sekolah Misi Bagi Bangsa, agar anak-anak dapat belajar di lingkungan yang kondusif dan sehat.

Gedung sekolah tersebut bertempat di Kompleks Tunas Regency, Kelurahan Sei Binti, Kecamatan Sagulung, dan telah diresmikan oleh Walikota Batam pada tanggal 30 April 2016.

Since 2014, Misi Bagi Bangsa School has been supported by Batavia Prosperindo Peduli Foundation, a foundation that cares about children's education.

In 2016, Batavia Prosperindo Peduli Foundation, together with donors, built a new school building for Misi Bagi Bangsa School so that children can learn in a conducive and healthy environment.

The school building is located in Tunas Regency Complex, Sei Binti Village, Sagulung Subdistrict, and was inaugurated by the Mayor of Batam on April 30, 2016.

2 SAMBUTAN KEPALA SEKOLAH

Principal Speech

Marisa Yulia Kanaf, S.Pd.K

Kepala Sekolah Taman Kanak-Kanak
Kindergarten Principal

Bersyukur kepada Tuhan yang Maha Kuasa atas segala rahmat dan anugerah-Nya, Taman Kanak-Kanak Misi Bagi Bangsa dapat maju dan berkembang, bahkan sudah masuk pada tahun ke-15.

TK Misi Bagi Bangsa adalah sekolah yang sangat menekankan pada perkembangan karakter anak, bukan hanya pada kepiintaran secara akademik. Kesadaran akan pentingnya periode emas pada anak itulah yang menjadi alasan utamanya. Di usia ini adalah waktu bagi seorang anak untuk mengenali lingkungannya, sehingga sekolah harus hadir untuk membantu perkembangan kepribadian anak, baik secara karakter, psikomotorik, kognitif maupun sosial.

Pembiasaan-pembiasaan yang baik pun selalu diterapkan untuk membentuk karakter dan moral anak. Dimulai dengan berjalan dan berbaris dengan sikap tenang saat memasuki kawasan sekolah, belajar berkata jujur, berbicara dengan suara pelan, serta menghargai dan menghormati orang lain.

Harapan ke depan TK MBB akan terus menjawab tantangan dunia yang semakin marak dengan pengaruh negatif teknologi khususnya gawai.

Terima kasih yang sebesar-besarnya kepada pihak-pihak yang sudah bekerja sama untuk kemajuan TK Misi Bagi Bangsa, baik dari pihak orang tua, siswa, guru dan staf, terlebih dukungan penuh dari Yayasan BP Peduli dan para donatur.

Tuhan Yesus memberkati.

We give thanks to God for His grace and blessings, through which Misi Bagi Bangsa Kindergarten has been able to grow and develop, now entering its 15th year.

Misi Bagi Bangsa Kindergarten is a school that places strong emphasis on the development of children's character, not merely on academic intelligence. The awareness of the importance of the golden age in a child's life is the main reason behind this. At this age, children begin to explore and understand their environment, and the school must be present to support their personality development—character-wise, psychomotor, cognitive, and social.

Good habits are continuously implemented to shape the children's character and morals. These include walking and lining up calmly when entering the school area, learning to speak honestly, using gentle tones when talking, and showing respect and honor to others.

Looking ahead, Misi Bagi Bangsa Kindergarten aims to continue responding to the challenges of a world increasingly affected by the negative influences of technology, especially gadgets.

Our deepest gratitude goes to all who have supported the progress of Misi Bagi Bangsa Kindergarten parents, students, teachers, staff, and especially the full support from BP Peduli Foundation and all donors.

May the Lord Jesus bless you.

Jeugelin S. Kowaas, S.Th., M.Pd

Kepala Sekolah Dasar & Sekolah Menengah Kejuruan
Primary & Vocational High School Principal

Tidak terasa tahun ajaran 2024-2025 telah berakhir. Semua karena anugerah Tuhan buat Sekolah Misi Bagi Bangsa. Ucapan syukur hanya bagi Tuhan Sang Pengasih dan Penyayang.

Sejak awal masuk sekolah di jenjang SD, semua pihak boleh bekerja sama dengan baik, sehingga walaupun ada masalah, tantangan dan kendala, bisa teratasi. Semua kegiatan pembelajaran berjalan dengan baik. Kegiatan-kegiatan di luar pembelajaran formal juga diadakan, seperti lomba-lomba dalam rangka hari-hari besar nasional. Ada juga lomba-lomba yang diadakan antar sekolah, seperti vocal solo, tari, pantomim, olahraga, dll. Di tahun ajaran ini SDS Misi Bagi Bangsa boleh meraih juara 1 lomba pantomim tingkat kecamatan dan diutus ke tingkat kota Batam.

Di tahun ajaran 2024-2025 Yayasan BP. Peduli membuka jenjang SMK Misi Bagi Bangsa, untuk menjawab kebutuhan siswa-siswi SMP Misi Bagi Bangsa, membekali mereka dengan ketrampilan khusus agar kelak nanti mereka bisa langsung siap dipakai untuk bekerja, menghasilkan uang dan tidak menjadi beban orang tua lagi.

SMK Misi Bagi Bangsa sudah mendapatkan ijin operasional dari Dinas Pendidikan Propinsi Kepulauan Riau. SMK Misi Bagi Bangsa membuka jurusan pariwisata dengan bidang keahlian: perhotelan, tata boga dan tata kecantikan. Alasan mengapa dipilih SMK dengan jurusan pariwisata, karena Batam selain kota industri, ke depan akan menjadi kota pariwisata, mengingat Batam berbatasan dengan 2 negara yaitu Singapura dan Malaysia.

Salah satu pendukung berjalannya pembelajaran di tahun ini adalah kolaborasi yang baik antara yayasan, pimpinan sekolah, guru dan staf di sekolah Misi Bagi Bangsa. Kiranya kolaborasi yang baik ini akan terus berjalan untuk mencapai semua tujuan yang sudah ditetapkan.

Kami mengucapkan terima kasih banyak kepada Yayasan BP. Peduli, pimpinan Sekolah, donatur, sukarelawan, semua guru, staf dan karyawan serta semua pihak yang telah membantu Sekolah Misi Bagi Bangsa.

Tuhan memberkati.

It is truly by God's grace that the 2024–2025 academic year has come to an end at Sekolah Misi Bagi Bangsa. All praise and thanks be to God.

From the very beginning of the school year at the elementary level, all parties have been able to work together harmoniously. Although there were challenges and obstacles along the way, they were overcome. The learning process ran smoothly. In addition to formal academic activities, various extracurricular events were held, such as competitions in commemoration of national holidays. Inter-school competitions were also organized, including solo vocals, dance, pantomime, sports, and more. This academic year, SDS Misi Bagi Bangsa proudly achieved first place in the sub-district-level pantomime competition and was chosen to represent the area at the city-level competition in Batam.

In the 2024–2025 academic year, the BP. Peduli Foundation officially opened SMK Misi Bagi Bangsa to meet the needs of students graduating from SMP Misi Bagi Bangsa. The goal is to equip them with specific vocational skills so they can be job-ready, earn an income, and not become a financial burden to their parents.

SMK Misi Bagi Bangsa has received its operational license from the Department of Education of Riau Islands Province. The school offers a vocational track in tourism, with areas of specialization in hospitality, culinary arts, and beauty. The tourism major was chosen because, aside from being an industrial city, Batam is also expected to become a prominent tourist destination in the future, given its close proximity to both Singapore and Malaysia.

One of the key factors contributing to the success of this academic year has been the strong collaboration between the foundation, school leadership, teachers, and staff at Sekolah Misi Bagi Bangsa. We hope this positive collaboration will continue to grow in pursuit of the goals that have been set.

We extend our heartfelt thanks to the BP. Peduli Foundation, school leadership, donors, volunteers, all teachers, staff, and everyone who has contributed to the success of Sekolah Misi Bagi Bangsa.

May God bless you all.

Secondary Principal

Anugerah Tuhan begitu besar dalam perjalanan pendidikan di Sekolah Misi Bagi Bangsa. Rasa syukur dan bangga bercampur menjadi satu karena tanpa terasa sekolah ini sudah memasuki proses pembelajaran di tahun ajaran yang baru.

Tahun 2024 menjadi tahun yang penting bagi dunia pendidikan di Indonesia. Dengan berbagai kebijakan baru, inovasi teknologi, dan peningkatan kualitas sumber daya manusia, semoga pendidikan di Indonesia, khususnya di Sekolah Misi Bagi Bangsa dapat mencapai standar yang lebih baik.

Tahun ini pemerintah menetapkan Kurikulum Merdeka Belajar sebagai salah satu kebijakan yang dirancang untuk memberi kebebasan lebih besar kepada sekolah dan guru dalam mengatur proses belajar mengajar sesuai kebutuhan dan karakteristik siswa. Sekolah Misi Bagi Bangsa menyambut baik kebijakan ini karena sangat sesuai dengan visi yang telah disusun dan ingin dicapai yakni mewujudkan peserta didik yang berakhlak mulia, berwawasan global, cerdas, kompetitif dan peduli.

Selama ini kemajuan pendidikan di Sekolah Misi Bagi Bangsa tidak terlepas dari dukungan warga sekolah, kontribusi Yayasan BP Peduli bahkan empati serta partisipasi sukarelawan. Dari hati kami yang paling dalam kami mengucapkan terima kasih untuk semua dukungan bagi kemajuan dan perkembangan sekolah ini. Biarlah kerjasama dari semua pendukung sekolah terus terjalin.

Tuhan Yesus memberkati.

God's grace has been truly abundant throughout the journey of education at Sekolah Misi Bagi Bangsa. A deep sense of gratitude and pride fills our hearts as we realize that the school has now entered a new academic year.

The year 2024 marks a significant milestone for the education sector in Indonesia. With the introduction of new policies, technological innovations, and the improvement of human resources, we hope that education in Indonesia, especially at Sekolah Misi Bagi Bangsa can continue to reach higher standards.

This year, the government has implemented the Merdeka Curriculum as one of its key policies, designed to give schools and teachers greater autonomy in organizing the learning process according to the needs and characteristics of their students. Sekolah Misi Bagi Bangsa warmly welcomes this policy as it aligns perfectly with the school's vision to nurture students of noble character, global perspective, intelligence, competitiveness, and compassion.

The progress of education at Sekolah Misi Bagi Bangsa has always been supported by the dedication of the entire school community, the contribution of Yayasan BP Peduli, and the empathy and participation of volunteers. We extend our heartfelt gratitude to all who have supported the development and advancement of this school. May the spirit of collaboration among all school supporters continue to grow.

May the Lord Jesus bless us all.
